ACTION TO HELP NEIGHBOURS IN CASE OF FIRE

on our land or theirs

What we can't do;

- **Help fight fire.**
  Our one fulltime employee, a female caretaker, and a part-time groundsman as well as any beneficiaries who might be present at the time, **have all been instructed not to fight fire**. They are not capable or equipped for it and cannot legally be asked to do so. Furthermore, we do not want fire put out on our land. To keep our fire risk low, we want it to burn from time to time.

What we can do to help neighbours:

1. Immediately alert Roy Kendall on 083 703 2424 or Steve Spottiswoode on 082 558 3158 to take control of communications with our neighbours.
2. Thereafter keep track of the fire and keep communications going.
3. Open our gate to allow neighbours to backburn from inside our property.
4. Keep our water tank full for neighbours to use.
5. Carry buckets of water to back-burners on our land or firefighters on neighbours' land.
6. Keep neighbours' family, staff or pets safe in our stone house which is surrounded by a Fire-Protection Zone.
7. If a beneficiary is present, offer transport, refreshments and first aid.

We would like this list to be expanded in consultation with our neighbours who might have many other ideas

- Jacques Cilliers (eastern boundary) **… 083 296 6954**
- Jacobus Swanepoel (western boundary) **… 083 256 6856**
- Ronald Herridge (northern boundary) **… 072 128 2405**
- Daan Meyer (RGKB fire representative) **… 082 703 8253**
